CENTRAL INTELLIGENCE AGENCY

**CONTRACTING OFFICER'S
DETERMINATIONS AND FINDINGS**

AUTHORITY TO NEGOTIATE CONTRACT

The Central Intelligence Agency proposed to enter into a contract with the Hycon Mfg. Company, Pasadena, California, for certain training and other services, and supplies, necessary for support of field operations.

I hereby find that this procurement, [REDACTED], is estimated to cost \$123,500, is chargeable to fiscal year 1955 funds, appropriation 21X6889, and is for necessary basic training services, and associated supplies in support of an experimental, developmental and research program presently under procurement and which will result in operational activities. I also find that this procurement is in the interest of national defense and that it has been certified by the Director of Central Intelligence under date of 29 October 1955, to be for objects of a confidential, extraordinary and emergency nature and therefore within the purview of the procurement authority of the Agency as stated in Section 10(b) of Public Law 110, 81st Congress. Procurement for formal advertising of the supplies and services called for by the proposed contract, No. FS-99/ would result in public disclosure of the nature and character of such training activities and supplies and would thereby jeopardize the security classification of this project.

25X1A2d1

I hereby determine, as Contracting Officer for this Contract, that the necessity and authority for negotiation of this Contract have been adequately documented by proper Agency authority, and that the proposed contract must necessarily be negotiated without formal advertising.
